As we move to include all in our vision of wealth and well-being, our vision returns on the infinite circle to bless us completely. As we lift the Universe out of all lack and limitation now, our cup runneth over...for as much good as we can know for another, that much and more we can receive for ourselves.

As we identify with the mighty rivers of supply the Divine has established ~ a perfect life-sustaining, nurturing and opulent pattern for every form of life... we access the mighty stream. THE PRINCIPLE

“THE GATEWAY TO PROSPERITY”

“God is my Sufficiency.”

Beloved:

As breath sustains our life, *Divine Substance* ever pours through our atomic structure ~ animating every tissue, every cell of our being. This substance can be converted to become the manifest supply of anything we require.

We image now ~ the quintessential stuff of opulence ~ pouring in and out of every breath; and as we acknowledge the *Light of Divine Substance* ~ charging every fiber of being, wherever there appeared to be lack, there is now the fullness of God instead.

MEDITATION

"THE GATEWAY TO PROSPERITY"

*

I AM THAT I AM!

AND THAT IS THE RICH AND RADIANT SUBSTANCE OF GOD...

THROUGHOUT THE VERY PORES OF MY BEING ~ IN AND OUT!
THE UNSTOPPABLE, EVER CIRCULATING RIVER
OF RESOUNDING LIFE SUSTAINS AND SUPPORTS MY EVERY NEED
AND GLORIOUSLY FULFILLS MY EVERY DESIRE.

GOD IS THE NEVER-ENDING, SELF-RENEWING ACTION
OF ABOUNDING CREATION ~ MANIFESTING IN THE INSTANT!

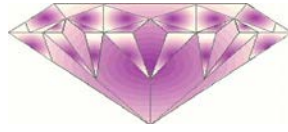

RIGHT NOW ANYWHERE THAT REQUIRES THE STUFF OF GOD...
ANYWHERE THAT IS AT A LESSER LEVEL THAN FULLEST LIFE ~
IS IMMEDIATELY RAISED TO RICHEST AND MOST COMPLETE SATISFACTION!

I AM THAT WHICH ALWAYS GATHERS AND ATTRACTS
THE MOST ABUNDANT AND THE BEST!

THANK YOU GOD!
THOU ART THE SWEET PERFUME
OF AN INEFFABLE AND IRRESISTIBLE MAJESTY AND WHOLENESS.

"There is only *First Cause*."

Beloved:

The omniscience, omnipotence and omnipresence of God is in you, and is the unbounded, limitless and jubilant reality of your being. God {*First Cause*} is all there is. Knowing you are one with the *Supreme First Cause* ~ this power in you ~ has all capacity to bring out any situation perfectly. Indeed it is the very reason we are manifest ~ to shine this glory of the *Great-God-Self* into any condition and bring it out to perfection.

Now, we bring all out all conditions to new levels of magnificence and perfection, according to the Divine capacity in us. *God I Am* is the only cause; and therefore, the only effect.

GOD NEVER COMPROMISES

Beloved:

Let us direct our contemplation to the meaning of the awesome Truth ~ God never compromises. Try to deeply realize the many reasons why: in God there is no need for settling for less.

The great mystic Dr. Ernest Holmes says:

In demonstrating over conditions the only inquiries we need to make of ourselves are: do the things we want, express a more abundant life, rob no one, create no delusion and express a greater degree of livingness. If we are able to answer these questions affirmatively, then all the power in the universe is in back of our program. If it is money, houses, wealth, automobiles, land, stocks, bonds, dresses, shirts, or shoestrings, {all forms of Divine abundance, and all of which come from the same Source}, there can be nothing, either in the Law or in the Spirit back of the Law to deny us the right to the greatest expression of life.

He goes on to say:

“The words which you speak would be just as powerful, as the words, which Jesus spoke, if you knew, without a shadow of a doubt that your word was and is the Law always ~ whereunto it is sent.”

Infinite Creative Mind is the invincible, omnipotent and limitless actor, and you are the announcer of Divine and limitless powers. Thus, knowing absolutely, unconditionally, and unequivocally this superior *Truth of Divine Realities* in any situation ~ is always the key to greater demonstration. Knowing, with absolute certainty, that all there is ~ is God and good expressing; knowing that we live in a dynamic energy field of instantaneously responsive *Divine Substance*, and knowing living limitless Principle is ours ~ is certain victory.

If I have the Kingdom, why do I need to take less?

Recently, I had an awesome opportunity to become more intensely aware of how the power of absolute faith and commitment to *Divine Principle* stands us on steady ground. And how, regardless of appearance, the direction of one's commitment and decision, alone governs the outcome. I had been working on a particular vision, regarding the restoration of my home; and I found myself needing certain extraordinary and unusual amounts of money for materials. I also had certain absolute qualifications in my mind for the specific persons I wanted to hire to do the work. It was all in my mind as a perfect idea and in my feelings as a commitment, which I was not going to stand back from, regardless of what appeared. Sometimes I needed resources on the spot, and in the moment had no physical source or avenue of abundance, at hand; yet, as I stood by my conviction:

"I have the Kingdom" ~

All I needed continued to manifest instantaneously.

A great revelation, came to me, as a result of such awesome good ~ literally materializing on call. I realized, that when I decide to absolutely create a vision ~ a condition I have in mind, without compromising in terms of quality, or achieving the effect I desire ~ for example, I wanted real marble, not fake marble ~ I wanted the real thing...I always produce the topmost results I desire.

When I made the decision to rest on Principle alone, it was as if the whole Universe rallied in my favor. All the necessary forces came around to supply me with the increased good ~ I had named and claimed. The power of my absolute steadfastness in mind established a definite through-line to God and *Divine Supply*. The power of my absolute commitment to fulfillment in the now, and not later, activated the supply, that was already there and brought it forth for my immediate use and fulfillment ~ in the greatest way...and not one good thing was denied me.

During that whole accelerated and exalted time, I had the great joy to witness the limitless *Principle and Law* operating on my behalf. And in Truth ~ I had *had* this vision before, just laying dormant in my mind; but in the past, instead of grabbing hold, and identifying with it and absolutely committing to it, I myself postponed or delayed perfect results, by saying:

“When I have enough money I will do it. When I have enough time I will do it;”

Through such statements, I was diminishing the Divine possibility of the manifestation of the complete vision, now. I had been equivocating in my mind ~ trying to juggle the appearances, and not thinking in terms of all of God, now.

“Well I can do this part now, and later I can do this, and maybe I can compromise here.”
And there I was going back and forth and getting nowhere.

But now I realize that the Great Law requires no compromise of us. There is no Law of compromise; and there is no need to compromise anywhere, for anything. For the *Law is All in All* ~ having and being all, right here and right now, and we are one with its Infinite capacity. So I continued to ask myself, when the tendency to want to compromise came up:

“For whom and for what am I compromising? What am I compromising for, when the Truth is that ~ All is available, now...and the Kingdom is mine?”

Now, if I notice myself beginning to diminish or cramp my vision in any way or slightly delaying it into the future, I remind myself that there is no need to compromise. I have a direct line to the Infinite, and I can command any good, I require...and the rich and ready resources, already here for me ~ come forth without qualification.

Another point to realize, again and again and ever-more deeply, is that the greater desires and visions that come to us, are, in fact, those Divine inner impulses, emanating from the deepest God center within ~ knocking at the doors of our conscious awareness and wanting to come forth... to demonstrate God's greater measure of good in and through us.

Now when you feel that inner pressure of the inner Kingdom of all possibility wanting to emerge, instead of denying, delaying or blocking, let it through. Widen the horizons of your consciousness, and increase your vessel of acceptance to include the expanded level of good and the *Great Principle of God* that can bring it through. In this way you raise your consciousness to become all-inclusive of every good you may require; and the infinite possibility that exists in you, right here and right now, and always...comes forth in boundless measure.

So do your Divine thing. Do the thing that you are compelled to do, and everything will fall in place. Accept your desire now, rather than putting it off, because of time or any other reason ~ delaying and believing you have to compromise.

Rise up and ground yourself in the awareness of an *Infinite Principle* of all good ~ being available to you, now. Knowing the *Sublime Truth*, there is no longer any need to compromise your fulfillment. For the *Divine Individual* ~ and that is you, lives from the Presence of all good and supply, and is sustained by that very same Presence operating as money, marble, homes or whatever you require.

"I have the Kingdom. I never need to take less!"

MEDITATION

GOD NEVER COMPROMISES

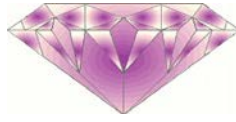

Let us each one now take a moment and look within and view the great good, which up until now, we may have relegated to the realm of wishing, hoping or longing for. Let us now close the mental waterways of separation by extending the parameters of our deepest acceptance to absolutely include this good of God in our lives...as right, real and available now. Let us incorporate the full awareness of the totality of Spirit here ~ in consciousness, embracing our good in mind. And let us say to ourselves:

“I am committed to express the totality of good here, and to being an ever-available and accepting channel of manifestation of the glory of Spirit that I am. An Infinite Principle supports me in all. I now allow the expanded manifestation of good to come forth without compromise, recognizing all forms of supply, as God’s Love and radiant activity in my life. I flow on the through-line of infinite supply and manifestation ~ obtaining my full and uncompromising good at every point. I am that which empowers my good to manifest now. My rich fulfillment comes into being, not by my efforts, but because my good is already all created, and available...and by the very nature of complete God being ~ I am.”

“In God ~ there is no need to compromise!”

And so it is!

CONTEMPLATION

BE CAUSE

Beloved:

Realizing, that the *Divine Realm of Ideas* consist of the perfect prototypes of richest life, love, light and joy; and knowing, it is our objective, as evolving spiritual beings of Highest Light, to unify with the immortal ideas of God...let us strive to master our thought world ~ that our ideas shall always contain, reflect and effect the totality of our Divine and unlimited natures.

Let us bring out our inherent *Divinity and Highest Consciousness* and awareness of good, saturating our every idea with *Divine Substance* and vision ~ knowing that we are one with Spirit; and knowing our ideas exist and manifest completely and independently of effect, conditions, and circumstances of the moment. Our thoughts are pure *Divine Power Supreme*, and contain from the very beginning, the very inception ~ the entirety of beingness, substance and truth ~ everything and every circumstance necessary for their Divinely complete rich and magnificent unfoldment. Therefore, we do not look to the outside. We look to our totality within. We are independent and self-sufficient beings ~ causing rich, new, profound and unprecedented manifestations of good in our lives. We are causal beings, casting our nets into the limitless sea of infinite possibility, and all of our efforts show forth the radiant results of *God-Cause*.

I have a favorite mantra that I like to use, which taps me into the *Realm of First Cause*, immediately, and that is:

“I, God ~ cause everything in my life to work out magnificently and right.”

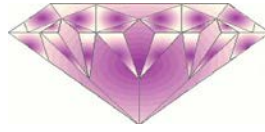

“I, God ~ cause everything in my life to work out magnificently and right.”

Repeating this over and over again, and silently within, centers us in the seat of Power.

Now, let us release all circumstances of the past, and identify with pure and omnipotent Divine Cause ~ knowing Spirit knows no precedent and knowing Spirit is never subject to circumstances of the moment ~ yet, creates fabulous new conditions completely out of itself.

As we dwell on ideas of limitless good ~ thinking what God thinks and knowing what God knows, we are cause to greater manifestations, than ever before.

MEDITATION

BE CAUSE

Let us go within, now ~ to the place of the Most High, into the neutral clear space of unformed substance, unconditioned being, and Divine Light ~ at the Source of all power, emanation and recognition. Let us now place into Limitless Mind the new and Divine and unprecedented cause...for good ~ we have in mind. Let us name that new and unprecedented total good, we are setting into motion.

Let us know that this good is now unfolding in new and Divinely unconditioned and instantaneous ways. Like never before, we are free. We are fulfilled ~ each one. And that which we have always wanted to change is now changed by means of our new consciousness of God Being and God Cause...and we now have total freedom from the past.

Let us give thanks to the Supreme Power and Totality and Greatness of Spirit, within, with which we are ever One.

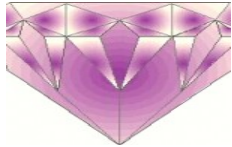

Be Cause! I God Cause!

And so it is!
