(THE SOUL OF PERFECT LIGHT)

VOLUME III

THE RISEN CONSCIOUSNESS!

GIFTS OF THE ILLUMINED!

THE SOUL OF PERFECT LIGHT!

“All That Is Thine Is Mine!

~

When we speak of the Gifts of the Illumined, we mean the transcendent Gifts of the Enlightened Ones, Gifts of the Awakened Ones...those who have achieved Highest states of being, the rich potentially present in all of us right here, right now. In the wonderful attributes expressed through their stellar lives, these exalted souls remind us of the real Truth of ourselves, that all are one with God, Infinite Life, no matter what we may have experienced.

No matter what we think is the truth about ourselves, that Eternal, magnificent Truth remains, yet to be awakened within our very own selves. All are indeed one with that sublime nature of First Cause Divine. And, I find that Spiritual Mind Treatment is the most powerful and accelerated tool for arriving at that that

topmost realization that I have ever encountered. The most accelerated path to establish direct access to the Creative Laws of Spirit.

In Spiritual Mind Treatment, we literally replicate what every Master Consciousness knows, what the Christ knew. There is a certain approach to the Father Principle, meaning the Infinite Creative Principle and Law. And through right alignment, we can engage the invisible creative energies of the universe to manifest our Peace, Harmony, Joy, Love, or Supply ~ whatever enhancements to life that we are seeking.

Treatment is a very profound form, following along in logical sequence, and is very easy to do. Every one of us has something that we would like to manifest, to create, to bring forth into being for ourselves.

During Treatment, you pass from stage A, which is your condition or your issue as it appears right now...to a stage of ultimate victory and healing manifestation.

By the end of Treatment, when you are really doing it in right order, fulfilling each of the 5 stages of consciousness transformation, you will have arrived at point B. You will have established your goal, and, just like posting a letter ~ your word has gone out to the universe to be established in perfect right and harmonious ways. The letter is gone. You stamped it. You sent it, and it has gone through the airwaves of mind to establish your

GIFTS OF THE RISEN SOUL OF DIVINE LIGHT

good on visible and invisible planes. Through your contemplation on the lustrous new vision and accepting its reality, a new trajectory of cause and effect is set in motion, a new Pattern, a Divine Prototype is formed.

Mind itself is like a radio wave, going out into a responsive universe that receives the impress of our thoughts. And it is up to us to understand this Divine Process as creative beings, and to utilize and operate the Laws of Mind correctly.

Thus, let each don the mind of the Christ...to establish, for each and every one of us, the perfect Truth of our being.

My title today is “Gifts of the Illumined”, and I think it is so appropriate because one of the things we realize about any gift is that it is the giver’s expression of Love and Appreciation. And, when we have come to any greater level of Divine Love, when we have corrected anything in our worlds and healed it in Love, there is a commensurate gift that comes along with that...direct from the Divine to us at the human level. This is the Divine Exchange system ~ between the human and the Most High.

And so it is that the awakened ones, the illumined ones, those beings, in whom Truth and Divine Love is more fully manifested... those of great consciousness that have gone before us, you and me in potential, have consistently manifested the Greater Gifts through themselves. Each has come to this great

and exalted state of being through the perfection of their life, and their understanding of themselves as Divine.

Thus, in looking toward them, our beloved Divine brothers and sisters, risen Masters who have gone before us, we can see ahead of ourselves that perfection of being that we too can look forward to experiencing, when we follow in their path.

And so we see the great measure of Light and Love that is so completely and fully expressed through these risen ones who have alchemized their entire bodies and beings to the elevated Attitudes and Principles of Love.

One of the results of the Presence of Love is that the Light shines. Wherever there is Love, there is Light. And that is the essence of Pure Spirit. And, the most marvelous transformations begin to occur within your emotional, physical, and mental bodies as you align each one of your faculties with Divine Love... through Forgiveness or whatever Spiritual Tool you may be applying. At a cellular level, there is a return to the flow of Light through your entire body as you apply your Divine Healing Tools. Thus, as you are healing all in Highest Love, you are re-establishing yourself in your Divine Light Pattern.

This is why we see that even the very physical bodies of the illumined have a transcendent quality about them, for the Light of Truth is flowing free and unbound. They have cleaned out their entire system out of any mental and emotional dross,

GIFTS OF THE RISEN SOUL OF DIVINE LIGHT

un-clarity of thought, and in this way, they are perfectly free to demonstrate and radiate that great manifestation of the Spiritual Truth of their being, which is also the Truth of ours.

How really so fortunate we are to be able to have these patterns of Greater Being to look outward to, offering the Divine model to which we may aspire. While we are in the midst of any difficulties, we can still extend our mind, even regardless of whatever we may be going through, to regard those beautiful beings and patterns that have been established and to get cues and helpful hints, of the best way to stay on our course of evolution. For the only one important thing in our life is that we succeed in bringing out the Truth of our being and dedicate ourselves to bringing its blessing nature to everything that we do. The only one purpose of our being in this phase of existence is to bring out from within that perfect Truth and wholeness of being, to manifest it in, through and as everything that we do and that we project. As we do so more and more, we become the Being of Light and the Body of Light beyond description. And all things are very well where we are.

Let us look at the prototype of realized being and what attributes and qualities are contained. One of the gifts that you can see that the illumined have is a Gift of Total Freedom. They move in Freedom. They live in Freedom. There is embodied a total awareness of Oneness with the Source, Oneness with God, Oneness with all the exquisite attributes. That is why it is so

important to recognize that there is a Source and to recognize our oneness with it, in order to establish our perfect pathway to complete restoration of every kind, perfect health and perfect good. In the sublime Freedom of knowing; “I am one with the Power of Powers, the “Life of Light”, there is no consciousness within that supreme and transcendent knowing of dependency on the outer for the very stream of life or for any good whatsoever.

You will also always find that a characteristic of an illumined being is that they don't have that sense of dependency, leaning upon you or needing from you because they realize that they have all, that they have all that there is to have, right out of their direct connection with the sublime source that is the stream of my life, your life, everything that is.

Life streams in from a central Spiritual Sun, you could say. God streams the life force into each and every individual and being, and each is endowed with all that this force is.

And, to come to the place where we can really realize this, is emancipation indeed. We can then free all the persons, places, and things around us and realize that we already have it all, our direct and inviolate connection to all of substance for any good thing, straight out of our consciousness of the eternally Providing Presence.

Now, whereas we thought that we were dependent on persons, places and things, we now know we need of no good

thing, for whatever is needed is already present. It is not that God does not work through every right medium, channels, persons, places, things, because indeed by the Law, God does, and God is “All in All” in us, all surrounding, and All that Is. Here at the Higher Planes of understanding, we rest secure in the greater knowing that God shall become our good in perfect right ways, and we lose that feeling of dependency.

And so it is that the illumined are beholding to no one, no thing, except their God. Rather they are recognizing: “God is my Source”, beholding this Great Truth, and so they are free from the pain and agony that is caused from feelings of being dependent on such and such and so and so. You may ask: “And what happens when such and such and so and so leaves me?”...and then you may answer: “Well, then, I've lost my source.” But have you? No, the truth is that you have not.

This utmost realization causes a freedom of movement and a freedom in motion. Spirit is free to move much more lightly because realize every time that you think that you are dependent on something or someone, not that we are not grateful for our sources, but when you feel that your life is dependent upon any particular source, what happens? You weight yourself down. You are stuck. You are immobile. You cannot move. The Gift of True Freedom always comes with the Gift of True Release, and that most desired state comes through the recognition: “God is my Source. I have the source of my supply.

I need no one, no thing to establish my good.” “God or Infinite Intelligence shall go before me and establish those perfect channels. Of whom and of what need I be afraid? I am one with the Infinite and the Sublime.”

Every thought is read in our atmosphere. We all have and are surrounded by thought atmospheres. The sum total of our thinking emerges as the feeling of the etheric field around us. Imagine yourself, when you feel this freedom, when you feel this feeling of profound security and recognition ~ is there anything that can harm you, touch you, stop your life force from moving?

Don't you have that silent, secret sense that all is very well with you, and aren't you living at the level above appearances and above circumstances, walking on water, so to speak, living above these emotional planes where a lot of that activity of bondage takes place. Now you are free. You are free to move on from any and all circumstances and establish your good in perfect right ways. It is a wonderful freedom to have.

In this consciousness, not only must we realize “God is my Source”, we want to then bring this consciousness out in all our ways. And, when we say “God”, we don't mean person, we mean the very life force itself. We mean that sublime and transcendent Divine Energy, that Unlimited Intelligence is the Source of my life. And that idea lives and vibrates throughout my consciousness and being. And what do I then do? I bring out

GIFTS OF THE RISEN SOUL OF DIVINE LIGHT

this Glorious Truth from the place of inner knowing, and cognition, to my outer level, throughout all my expression, and I live this great Truth. I live it right here, in my circumstances. I don't think one way and say, "Yes, God is my source," and then behave another way. I begin to now incorporate and imprint on the very cells of my reactions, my being, this ultimate knowing. I bring it out into the outer world. I bring the inner peace out. And I establish it as a fact in every outer manifestation of my life.

Choose to live the Truth of this Greatness within, standing firm in Faith right in the midst. This is what we do, living in the One Consciousness, not a divided consciousness, until we have perfectly come to the place where we have completely burned off all dross ideas about ourselves, completely burned out all negativity and limitation out so to speak, with the flame of God, from our total mentality. Consciousness is the sum total of what we are always aware of. Our total emotional bodies, our feeling bodies, are simultaneously cleansed and perfected as well, and now instead of agitation and all the pain that comes from a lack consciousness and a divided consciousness...our emotional bodies now reflect that serenity, that sublime consciousness, that peace that surpasseth all understanding, knowing: "God is My Source."

And then, throughout our physicality, we automatically begin to bring out and express that beauty and that elevation that

is shining forth our luminous God Consciousness. And all of you know this Truth. ~ When you are in peace, is it not true that you radiate and vibrate at a totally different level? At such times, people come to you, and they say, "Gee, you look great today. What is going on with you?" Well, what are they picking up on? That God Self, that state of feeling that you are in. Everything we are believing in and thinking upon must read. That which we are must be made manifest through and through the physical domain.

So we want to keep perfecting ourselves, perfecting ourselves, cultivating a mind that is like the Great Ones, like our Divine brothers and sisters, establishing perfect pathways to the Divine within... entirely and completely chipping away and cleansing out those mental and emotional bodies we are in total charge of, until we have entirely gone free. And this is the Divine Destiny of each and all.

And how are we obtaining our Freedom? Through the complete conscious embodiment of the two Highest Principles of Light and Love in all our aspects. The great gift that houses all other gifts is Freedom. And what other gifts are contained within this radiant globe of Freedom? There is Independence. Spiritually, mentally, physically, we become truly independent, as we rely more and more upon the Divine and all-encompassing within. Because we are beholding to no one, we know that we can go right to the Source for any and all good. If we have some issue going on with our bodies, we can simply stop for a

GIFTS OF THE RISEN SOUL OF DIVINE LIGHT

moment, and ask the Divine Intelligence within to correct the condition. And, in the asking ~ we get access immediately to that intelligence that can and does heal all, as we then stream it through our bodies, applying the healing Light wherever needed, envisioning ourselves whole. Ultimately, when we really get to know our powers completely, we will not even need any outer assists. And we shall be free, then, of having to pay enormous fees for doctor bills, which is always what we end up paying, when we need someone else to do it for us, make up for what we ourselves need to do more of.

Now, it is not that there is anything wrong with reaching out to professional persons for help, but where the issue lies in situations where dependency is created. We want to utilize all the good that is available for us and all the help that exists, but start to eliminate those ideas of dire dependency.

Then you will get the Great Gift of your independence, free to flow right along with the perfect resources of the time.

And because you are keenly aware, now, that you have all and that you are one with God, you can then become more than just a receiving station from life, receiving your energy from life around you, from friends. And you yourself begin to become a greater radiating station of Divine and life-giving qualities, actively participating in helping all others in your world. You become magnanimous, for you know you have it all.

And so it is that by knowing you have it all and do not need anything, the more and more illumined you become, you then naturally start to have a desire to generate this good information and love out for the benefit of others. That great magnanimity that you experience when you come next to a great being is because they are aware that they are that glowing body of Divine Love. And therefore, they are clear and free enough, needing nothing... to generate that love to you, to help you.

The risen ones are now about their Father's business. Having completed the first plane of getting one's own health in order, then there is the business of holding up and helping each and every one.

In this great freedom, the illumined have an irrepressible joy, coming from the sense of inner completion and that sublime awareness: "I and the Father are one." They have largess ness. They are generators of great Divine Power for the benefit of all in the world, for they are aware of the Great Principle.

This summit awareness and recognition of the Original Source and Cause of all life and of all being as being one, being one with God, now becomes in your new consciousness ~ an awareness of a never-ending fountain of nurturing substance and good, being constantly poured out from the great center of the universe upon each and every one. This Source is available to all, for the mere acknowledgement. How wonderful it is!

GIFTS OF THE RISEN SOUL OF DIVINE LIGHT

The great awareness that there is this quantum living substance, animating all of existence gives a profound peace of order and continuity.

The very air you breathe is the substance of God. Do you have to do anything for this? No. And so, too, it is with the flow of all of your supply. Always know; “Spirit goes before me and establishes my way perfectly.” That Divine Power, Intelligence, and capacity is always responding to you, ready to answer in utmost perfection your every prayer.

As you become more awakened, you will realize that this life-giving substance is forever pouring out before you exactly what you need. And in this quantum realization of how things work, you will then rise another rung on the ladder of emancipation and get another Freedom. Because you recognize this great fact that substance is constantly flowing out from the Divine Center of this universe, constantly giving to its own... you are now afforded direct access to that constant flow of pure, unconditioned, unencumbered and unconditional supply, along with the right to appropriate limitless measures of good, because you are awake and aware.

So often persons put up barriers, thinking one has got to go through this or that process, or go through hard times in order to gain good. This is never the Truth. This pattern of thinking only develops when one has not fully recognized what the

Source is about. Not understanding the true nature of this loving Universe, we think we have to make do. We believe we have to “put up with”, or we “don't have enough.” But as you reach a higher place of illumination, you will realize that a willing and never-ending fountain of supply was always flowing from the beginning. And, you may, indeed, have anything that it is for any good and life-giving purpose that you want, simply by recognizing this loving Presence that pours out a continuous stream of blessings on behalf of yourself and each one eternally.

When you live in this consciousness of an eternal supply being yours, and always becoming the perfection of what you need, you will have a constant flow of miracles in manifestation.

Miracles are really the unobstructed flow of God appearing, when there is no thought of obstruction. When these blessing events occur, it seems that the beneficent circumstance just popped up of its own, and there it was. “I was just thinking of it, and there it is.” Know this is the natural way of being. This is the way the mighty Gifts of Spirit that we acquire manifest, when we have reached the full knowing.

The illumined manifest their good, along with the perfect, open channel for manifestation of that good, instantaneously. And they manifest with such ease by going directly into the knowing: “God is my Source of All Capacity”. With such deep affirmation, no limitation can enter in.

THE RISEN CONSCIOUSNESS!

THE ULTIMATE PROMISE

“I Am Ageless, Birthless ~ Deathless Being!”

It’s so wonderful that we never need fear change. Actually, we should welcome change because, indeed, when we have truly completed something, it is time to move on. And Perfect Spirit which we are never likes to be static, so anything in your idea system that leads you to believe that life is about fixing yourselves somewhere in time and space safely and accumulating all your stuff around you is really not what the Divine Idea is. The Divine Idea for you is one of your total success, followed by a new expression of your Divinity, which would be more expanded success, revealing more talents, more of your life force, life ever moving to be greater and greater.

And, it is in the ultimate consciousness that we are one with God, that we find the straight path up to reclaim our Kingdom of Heaven on Earth. We can only manifest this great state of being, this great freedom, when we know that we are one with Infinite Spirit, God, the great “I am”, the Source of our life,

THE ULTIMATE PROMISE!

here, right now, in all. How does one ever gain emancipation from anything? By first saying 'no' to that which we no longer want to experience. And I would advise each one of you this very moment, pick something to say 'no' to. "No more shall this come unto me."

And, then ~ firmly instate a new Law of your life, regardless of whatever the circumstance is, whether it has gone on for a single moment, a life time, or more. This is very powerful. Because you will now rise free of conditions that held you in their grip before.

I don't care how much money you have in your pocketbook. I don't care how much is in your bank account. I don't care if you've been alone for eternity. Right now, you can step out of the chronic condition, declaring; "This is no longer a law of my life. The Law of my life is _____" (Fill your picture in with the strong and transcendent merits of God within you).

You are the one who can choose, and no one else. What pattern do you want to live out? Once the picture of perfect wholeness and harmony comes into mind, instate new Laws that promote your good. And forget about all the rest of those persons, places and influences who are telling you something else. I am saying you've got to do this, and you've got to do it with commitment, realizing that no one has power over you.

So say 'no', and then say 'yes' to what you are instating, refusing to accept anything less, and then keep incorporating and embracing the greater concepts of life and love that you are. And then let us say with Christ and all great masters and every great being and God; "No more death or failure for me. I am one with God, Infinite Life. I am Life's Victory, a living statement of the Presence and Power of God within in everything that I do, right here and right now.

Doesn't this sound like a good idea? I think it's great, bringing tremendous joy flooding your being.

In closing, let us enter into profound meditation, taking holy time in the Kingdom of Silence to incorporate these Principles.

CLOSING CENTERING MEDITATION

~

Let us breathe in the elixir of Divine Breath, going within right now to the High and Holy place, to the supreme Summit of Conscious Awareness, where all of God is radiant and victorious. And let us affirm now each one to ourselves... as we face the vast universe of life... let us affirm the Truth of our being.

We are that Spiritual Sun that never sets on the Glory of our Souls. Right now, each one in mind joins all of his or her matter or material world with Spiritual Life, sanctifying anew.

THE ULTIMATE PROMISE!

And now we say; “There is only one, only one which is perfect and complete. Indeed, within has become without and radiates throughout my being.”

We are now, each and every one, perfectly sealed and healed in the glorious Light of God, filling our entire being and the circumference of all of life. As we step out and view this magnificent merging from above, we are grateful, eternally gratefully that death and denial and all negative ideas are permanently eradicated and released from our consciousness now, therefore, forever from our lives, and we are joyous, eternal, and free. And we say; “Thank you, God. We are the continuation of life, ever going on and eternally free.”

Right now, anything within us that could possibly resist life, resist the great sublime truth, is dissolved and healed and converted...now newly charged with great life force and current. There is the sweetest, most profound unity now, with our good and every vision of good. There is a security as never before in the inevitability of our good.

Our soul's body, Divine Atman, is perfected and upheld in Divine Light and Love, the embrace of Infinite, Eternal Life. Right now, each and every one departs death and birth cycle and prospers anew in some specific area that they have long desired.

Thank you, God, ~ Thou art the Force, the Truth, the Life, the “All in All”. **And So It Is.**

For your greater enhancement while you are working on incorporating this theme ~ below please find your “I am” statement. As you speak these words of the pure Divine Self, silently or out loud, just permit the meaning to absorb deep within your soul, to forever incorporate Ultimate Truth for your benefit all life long.

THE ULTIMATE PROMISE

I AM AGELESS, BIRTHLESS, DEATHLESS BEING!

(Daily Meditation for Centering In Divine Truth)

~

I am that I am. And right now, I declare these words throughout all of consciousness, so that every sense, cell, and vital faculty of form and function may hear and respond to the glorious Truth.

“I am one with that which is Sublime and Eternal, a perfect, beautiful body Pattern of pure God light. I am one with God in all. My soul's patterns and memories now respond to the exquisite truth of existence; “I am ageless, deathless, birth-less being.”

No matter what encumbrances I have accepted or accumulated around me, I now stand free to live and bear witness

THE ULTIMATE PROMISE!

to this Divine fact established from the beginning. My body can no longer become or be a waste bin for negative speculation, projection, or activities no more. I believe in and uphold, live, and reflect the Divine Pattern at all times.

I am a Body of Light knowing. No matter what, I remember now who I am. And my resurrected body tells the welcome Truth as every molecule of Divine Intelligence accelerates, raises, and vibrates with unfathomable brilliant light.

I keep my consciousness On High, and let Christ Light restore my every atom, tissue, and fiber of being.

Thank you, God ~ I am the Resurrection and the Life, the whole Divine idea made manifest on every level and in every way. I rejoice. I am the Kingdom of Heaven come to Earth and established in my body being and recorded in my soul's blueprint, blessing every aspect of my life. I am Eternal Life, living forever in a Body of Light. **And So It Is!**

~

Say these words to yourself often, and I promise you'll experience mighty changes that shall always prosper you! Let no thing of earth ever come between you and your beloved own.

SUMMARY DESCRIPTION

“ATTAINING DIVINE CONSCIOUSNESS”

VOLUMES I-IV

Each talk highlights a particular theme. Volume I concentrates on the very first steps necessary for “Evolving Upwards In Mind” and discovering the true Divine Essence of who you really are. These talks will help you to set a new and radiant base line of connection within, from which you may now manifest your every good and enjoy the limitless bounty always available to you. Volume II follows with exciting talks on the “Divine Creative Laws” and how to most successfully manifest your good. Volume III describes life at the Resurrected Level, far transcendent of past issues and limitations, where you are now whole and complete. Volume IV ~ “Seasons of the Soul’s Delight” puts forth the nurturing rhythms of Divine sustaining power, and the deep spiritual significance for you.

Each offering includes soaring meditation excerpts for your daily use and for maintaining consciousness at the Highest Level, as you continue to unfold the lustrous Truth of your limitless Divine Nature ~ transcendent of all past influence, ever one with the Most High.

To develop strong focus on the attainment of any goal, Dr. Linda suggests that you write out in detail the optimum good you are Giving Thanks for, even before you have received....always speaking in the present tense and as if you have the thing desired right now. This is a very important step for actualizing your most cherished goals and for achieving quantum leaps never before experienced. Gratitude – in – Advance is the yeast that raises the dough, and there is nothing God-in-you cannot achieve.

For example: If you are wanting wonderful new work, begin to Daily Give Thanks that you have a wonderful new position with

wonderful pay, and then describe to yourself the conditions that will surround, thinking in terms of the most optimum conditions of wholeness, peace and fulfillment that you can conceive of, not wondering how. This will form a prototype of Divine wholeness in you, magnetic to optimum conditions of good; Follow this step with your statement of Gratitude: “Thank you, God ~ I now have.....(Fill in the Blanks)” for our word is Law and acts to magnetize to us what we are focused on.

Thus, whenever you are working on a new subject, always write out your “*Gratitude-In-Advance*”. And, as you then daily reference your most constructive goal, and then say the heartfelt words of your meditations, consciousness will strengthen and evolve to be at the place where you need to be for your manifestation to come forth.

Let your journey of raising consciousness be a delightful process ever upward, embracing the *Kingdom of Bliss* that has always been yours, more fruitful than ever known.

In Divine Consciousness, there is no limit to how much you can achieve.
